(taken on 7th June 2019 at 4 Years and 11 Months of age)

Fibre Testing Authority: European Wool Testing Authority

Description:

"Lexi" is a particularly fine-fleeced white alpaca, fineness retained, and very good-natured. Her grand-sire is prize-winning Bozedown Comet II. She won third prize in a highly competitive South of England white class in 2015.

We have been enjoying life with our alpacas for over 15 years now. From the beginning, we have seen them as part of our farm family and their health and welfare has been our first aim.

We have carefully selected outside studs to improve our herd, so our herd has the benefit of some of the best genetics. Over the last years we have bought in studs to join our herd, with all of them having champion fathers.

We halter train all our alpacas from 6 months which, not only being enjoyable for us, makes all handling easier, prepares them for showing or for eventual walking ventures with a new owner. Protection from harsh weather, biosecurity and calm, easy alpaca handling was built into the farm design. Manure is removed from paddocks and composted; alpacas

have all vaccinations and frequent observation and condition, mouth and nail checks.

If you are wondering if alpacas are right for you, please feel welcome to visit and we can share with you our over 15 years of experience. We provide free delivery for up to 100 miles. Vet certificates can be provided if required.

Prizes Won:

Third-South of England 2015

Number of Crias bred from female: 1
