(Entnommen an 20/04/2022 im alter von 1 Jahr und 8 Monate)

Faser-Untersuchungsorganisation: Art of Fibre

Beschreibung:

Tienda Molino Nairobi is a well grown young male who is very stylish and true black in colour. Conformationally this male is correct in every area. His head is true to type, he has great substance of bone and his balanced frame is well covered in fleece. The fibre this male is growing is quite unique as its fine, bright, very soft handling and long stapled. His dam, Tienda Molino Fergie is still testing 22,2 microns on her 10th fleece and both times we entered the progeny class with her offspring she was awarded champion female progeny. From this dam we also bred Tienda Molino Kasimir and Tienda Molino Loxely who both made it to Champion in the black class. With such a depth of high quality proven black genetics making up the pedigree, Tienda Molino Nairobi is the ideal male for those wanting to impart style, great conformation and outstanding fleece in to their herd. Tienda Molino Nairobi comes with a full fertility guarantee.
