### Description:

Courage is a stunning alpaca with fantastic conformation, fleece coverage and strong bone structure, which he consistently passes onto his progeny.

His fleece is dense, bright with high amplitude crimp, and his progeny exhibit these same traits, as well as having fineness in their fleeces. His fleece coverage is exceptional, extending right down his legs.

Courage is from impressive Australian bloodstock with his Sire being the World renowned NWA Ltd Ruffo.

Whenever shown, Courage achieved 1st in his class. His progeny have excelled in the showring in the UK, including at Futurity and National level. Courage is a gentle natured macho alpaca that is a joy to work with.

Courage has sired many show winning progeny. The latest notable result being Supreme Champion at the Showtime event in 2016. Still a force to be reckoned with!
