Description:

Available for limited matings - one of the finest fleeced black stud alpaca in the UK!

Storm Cell (aka 'Stormy' is an exceptional and truly impressive black macho alpaca, who has inherited outstanding qualities from his renowned sire, Daer Enahs Strelecki, and his highly successful dam.

Stormy's fleece is exceptionally fine and is holding this fineness as he matures, with his third fleece at an impressive 17 micron and 99.5% Comfort Factor.

Stormy?s fleece is dense and bright with a wonderfully soft handle and he has excellent uniformity and coverage.

Stormy is a stocky male with strong bone structure, great shape and proportions. He has a true to type head shape, and

a lovely bonnet. A very good natured alpaca with a cheeky character!

In his pedigree, Stormy has a highly impressive list of some of the best Australian genetics on both his sire?s and his dam?s side.

Stormy has achieved First place at Futurity and regional level. His progeny are very impressive, showing exceptional fineness of fleece and excellent conformation - see Photo 2.

In 2017, Stormy will be available for a limited number of outside matings. Discounts are available for mutliple matings across our herdsires.
