(taken on 1st October 2014 at 1 Year and 3 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

We are thrilled to offer this grey stud as part of our mobile stud services in 2017. Huckleberry is a stunning dark grey male with excellent pedigree, correct conformation and the classic grey markings.

Huckleberry is the grandson of the infamous and arguably the most successful grey male in the UK, Alpaca Stud Nyetimber. His sire, Redlands has also excelled in the showing, and Huckleberry is following in his footsteps. Huckleberry has excellent genetics on both sides, with strong grey lineage.

In conformation Huckleberry is a substantial male, he is broad chested with great substance of bone. He has correct proportions and highly pleasing head shape. He is a characterful alpaca, gentle-natured and easy to handle.

Huckleberry's fleece is very uniformly dark grey and he exhibits the classic grey markings. His fleece is very dense, his second blanket fleece weight being 2.8kg. His fleece is fine and bright with a wonderfully soft handle, this being borne

out by his low SD/CV stats and Comfort Factor of 98%.

Huckleberry started working in 2016 and we eagerly await his first progeny this year. He will be available for a limited number of outside matings, available as drive-by or mobile services. Early booking is advisable, and discount can be given for multiple services across our herdsires.

Prizes Won:

2014/08 North Devon Intermediate Male Grey 1st
