Description:

Raven is a very regal looking male with superb conformation and the look and stance that draws everyone's attention. Raven is the son of HP High Plains Amadeus, a renowned full Peruvian herdsire who has produced numerous award winning offspring.

Raven has sired solid black and brown females crias for us. He has both black and grey in his pedigree, and we expect that he will continue to produce superb, dark coloured crias.

If you are interested in adding Raven to your stud row, we can make this happen. We will arrange transportation from our farm to yours. Make us an offer!
