**Registered With:** CLAA: # 40628

**ARI:** # 32157239

**Blood Lineage:** Peruvian/Bolivian/Chilean

**Date of Birth:** August 3 2010

### Description:

Superb fleece and deep rich colour on this young fellow. Avenger is growing into a large, solid, well proportioned male with fibre density and full coverage. His sire, Birchleaf Xxtreme, has stamped this fellow with his conformation and fibre qualities.

We took a look at Avenger's fleece recently and were impressed with the crimp, density and fineness of his fleece. He is a solid dark brown colour at the skin with black on his feet and nose.

### Prizes Won:

Will be show in 2011

Avenger - March 2011

Avenger - Fleece
