

Light Brown (Solid Colour) - Huacaya

## Description:

Kaffe is truly the friendliest alpaca we have ever had born on our farm. She has been fearless from birth, and is the most curious creature. This young female has great potential, as she is a large sized girl, with a solid frame and very dense, crimpy fleece.

Kaffe's sire, HA Raven, is an HP High Plains Amadeus son, and he has certainly passed on his regal presence to this girl. Her dam, Dutchess, consistently produces quality female crias for us.

Kaffe has been bred to our true black Reserve Champion, Birchleaf Xxtreme, for a 2012 cria. Xxtreme has sired some amazing black crias and we expect the same from this pairing.

Name of covering male: Birchleaf Xxtreme (Black)

GF Dutchess (White (Solid Colour))

HTO Hilltop Oasis Kaffe

Kaffe - Full fleeced
