Dam: Dry Drayton Bonnie

Type: Female

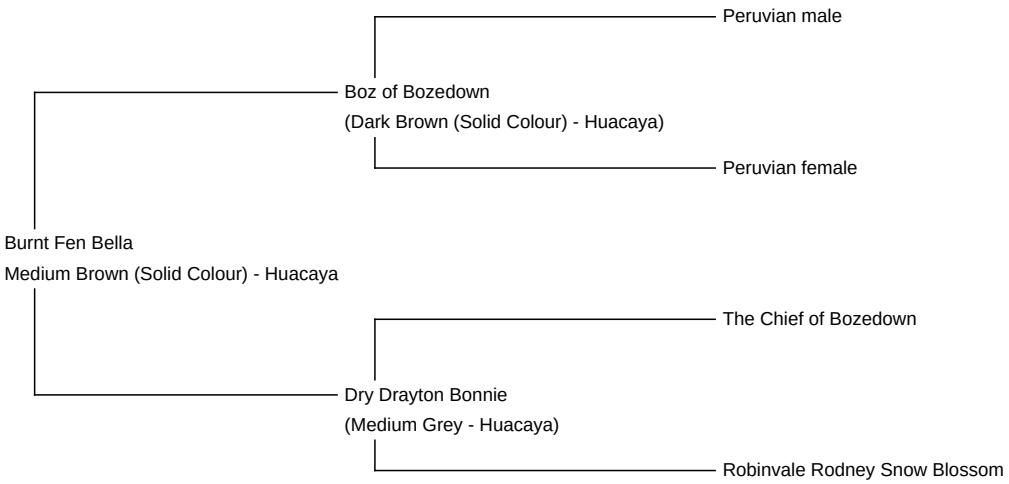

Breed Type: Huacaya

Colour: Medium Brown (Solid Colour)

Registered With: British Alpaca Society

NIBBASUK0034

Date of Birth: 4th September 2009

Description:

Bella is a lovely gentle mid brown alpaca. She had her second cria last summer ? a very pretty rose grey female. She has a fine, soft fleece. Bella is quite shy and would do well in a small herd to bring her out. We did not breed her at the end of last season as it was getting too close to winter, but she will be put to one of our studs in the spring. We are happy for you to choose which of our studs to use.

Number of Crias bred from female: 2
