Description:

Tinto is our most direct link with Meon Valley Alpacas, and his mum, Treacle Toffee (from Thunder of Bozedown) is our first black girl, and one of the great characters in the herd. We already have a lovely boy from her, who has formed such a close bond with one of our dogs that he has to stay at the farm. This time, we decided to mate Treacle to the award winning grey stud Meon Valley Ardingly, who has produced amazing progeny, including the grey multi champion Meon Valley Sorcerer. With a lovely disposition, fully halter trained, Tinto stands proud and tall, with lovely soft fleece and great conformation. He will be an excellent addition to a herd wishing to include blacks or to breed blacks and/or greys.
