

Alpaca Farm Calypso

Price: £1,200.00 (excl VAT) **(SOLD)**

Sire: Fowberry Marcus

Dam: Willowbrook Blaze

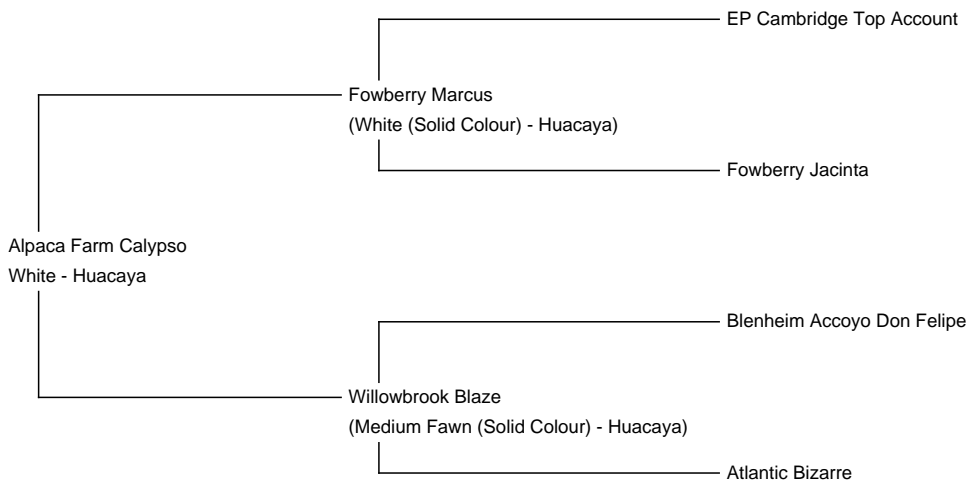

Type: Pregnant Female (Pregnant)

Breed Type: Huacaya

Colour: White

Registered With: British Alpaca Society

Date of Birth: 15th May 2012

Description:

Calypso is a lovely gentle female with a phenotypically very correct frame she has a very bright white fleece with a soft handle to the touch. Fully halter trained & very easy to handle.

Calypso has been mated to our own site Alpaca Farm Elmo who's sire is Bozedown Revel. Calypso has to date had one very handsome brown male who after great demand we sold at six months.

Calypso is a very attentive mother & produces a terrific amount of fibre for processing and no doubt she will make a lovely addition to a starter herd or compliment your existing herd.

Calypso's dam is medium fawn so colour is in her genetics which can be seen by the birth of her first cria (brown).

Last mated date: 14th August 2016, estimated cria due 20th July 2017

Prizes Won:
