Dam: Garyeanna Treacle

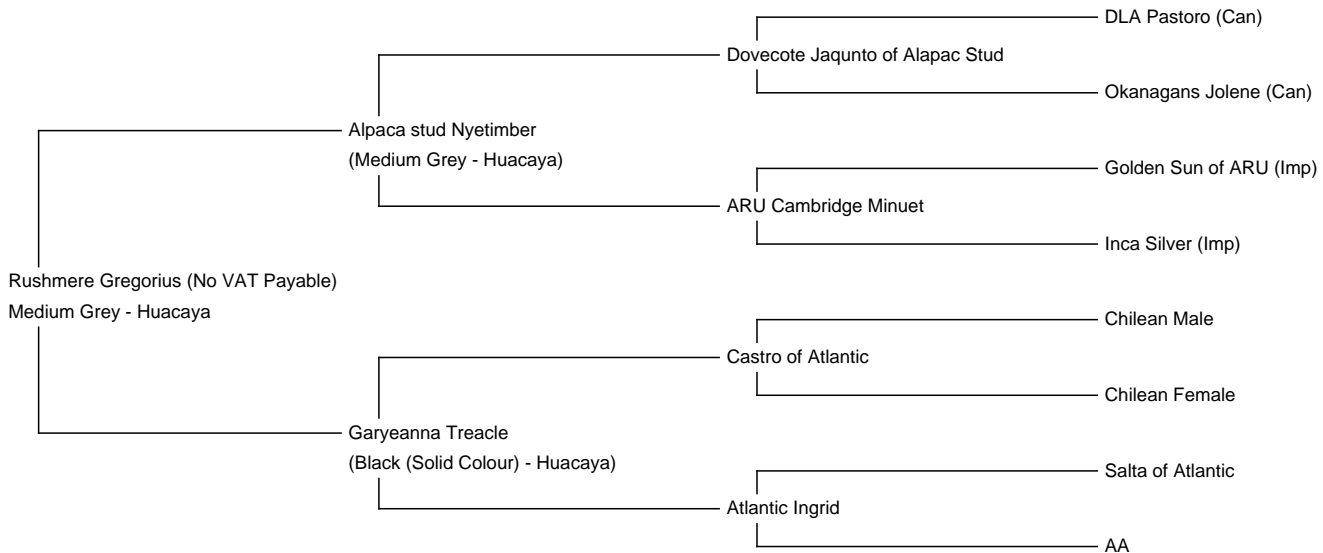

Type: Stud Male (Proven Stud)

Breed Type: Huacaya

Colour: Medium Grey

Registered With: UKBAS23214

Date of Birth: 15th August 2013

Description:

Greg was born in August 2013 to Treacle from a Nyetimber mating. As would be expected from two such high quality parents, he is superb with great presence, perfect conformation and a beautiful soft handling fine dense fleece. He was a precocious lad and was trying to mate his mum at six weeks and definitely has his eye on herd leadership now he is in with the males. He has great presence and we began working him in his 3rd year with excellent results. His progeny so far have all been exceptional quality. His first 2 cria born at this farm both did well in shows, particularly the grey Korudon who started working last year and who has been sold to a farm in Lincoln. In 2018 we only used him once and he produced a lovely fawn female with clear grey genetics and a fabulous fleece who again has been sold. In 2019 he produced a superb grey who we have sold already and a brown who is definitely of show quality and again who has been sold already. We did not mate him in 2019 and we are selling him as following our herd reduction he is related to our only black female.

His show results have been very impressive throughout his career and he has picked up first prizes every year he has been shown. His fleece results have also maintained the quality as can be seen below and he has continued to pick up first prizes even as a senior.

The price has been reduced as he is the last animal we have for sale.
