(taken on 1st April 2015 at 2 Years and 11 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Houghton Perry is extremely fine, dense and uniformed throughout the fleece and very low in guard hair. He is an upstanding male with a strong frame. One of the only Navigator sons to be released for sale. He has an extensive show record to back him up over the last 4 years winning many champions and Supreme Champions. He has proven himself as a Stud male. Throughout his fleece he has these amazing thin bundles that are bright and dense he really needs viewing to appreciate the quality of this stud male. Not only does this male have all the qualities we are looking for in an alpaca he also has the pedigree to back it up with his dam Houghton Perdita being out of Prince Charming our well known white stud that has proved to consistently keep a low micron in all the progeny he sired. Perry's sire Navigator needs no Introduction having won supreme champion at Multiple Shows in 2009 and 2010 then retiring from being shown. If you are looking for one of the best white stud males released on the market then look no further. Perry will come with a full health certificate, TB and Brucellosis test, carried out free of charge.
