Description:

Magic is an imposing, upstanding male, with a lovely fleece, which at under 17 microns, with an SD of 3.8 and a confort factor of 100% is exactly what we expected when mating top Snowmass Stud Golden Legend, a son of the famous Snowmass Matrix, in turn a son of the legendary Snowmass Quechua to our favourite fawn female Alpaca Stud Mystique, nicknamed Mrs E (Expensive) because indeed she was! He should prove to be an outstanding quality stud male, but is wasted at our farm as we already have the same genetics, and will continue to breed the same combination - his full sister just secured second place in a large junior fawn class at the National Show, his half brother won Champion Male Brown.
