Fleece: (11th)

25.90μ

(taken on 14th December 2016 at 11 Years and 7 Months of age)

Fibre Testing Authority: Pastoral Measurements Limited (PML)

Description:

This older male has produced over 65 offspring, many of whom have been exported to Europe and Asia. Many of his male offspring have gone on to stud. He is the sire of what we consider to be the best female in our French production herd (Ellise).

He was bound for UK from Australia when he came through our farm and we decided his genetics were better in NZ than Europe.

Whilst 12 years old, he is still active and needs a new home where he can service a small number of female alpacas, and improve the offspring.

Prizes Won:

Reserve Champion Intermediate ? Canterbury Show 2006; Reserve Champion Intermediate Nelson 2016. First in

composite class Upper Clutha 2007.
