(pris en charge 28/05/2021 à 4 Ans et 11 Mois l'âge)

Autorités pour l'analyse de la laine: Art of Fibre

## **Description:**

Sylvie is an elegant dark fawn female alpaca with a fine, characterful fleece, retaining the fine fleece through to her 5th fleece. She is the granddaughter of the amazing Jaquinto giving her great potential. She would be a useful addition to any breeding herd.

We have been enjoying life with our alpacas for over 17 years now. From the beginning, we have seen them as part of our farm family and their health and welfare has been our first aim. We have carefully selected outside studs to improve our herd, so our herd has the benefit of some of the best genetics. Over the last years we have bought in studs to join our herd, with all of them having champion fathers. We halter train all our alpacas from 6 months which, not only being enjoyable for us, makes all handling easier, prepares them for showing or for eventual walking ventures with a new owner. Protection from harsh weather, biosecurity and calm, easy alpaca handling was built into the farm design. Manure is removed from paddocks and composted; alpacas have all vaccinations and frequent observation and

condition, mouth and nail checks. If you are wondering if alpacas are right for you, please feel welcome to visit and we can share with you our over 17 years of experience. We provide free delivery for up to 100 miles. Vet certificates can be provided if required.
