Description:

Millie is a pretty, inquisitive, solid black young female with a huge, characterful fleece. She won 2nd place for her fleece at the Three Counties Show in 2018. She would make a great addition to any breeding herd, with the prize-winning solid blacks Bozedown Kazzan and Ikon of Classical in her heritage.

We have been enjoying life with our alpacas for over 15 years now. From the beginning, we have seen them as part of our farm family and their health and welfare has been our first aim.

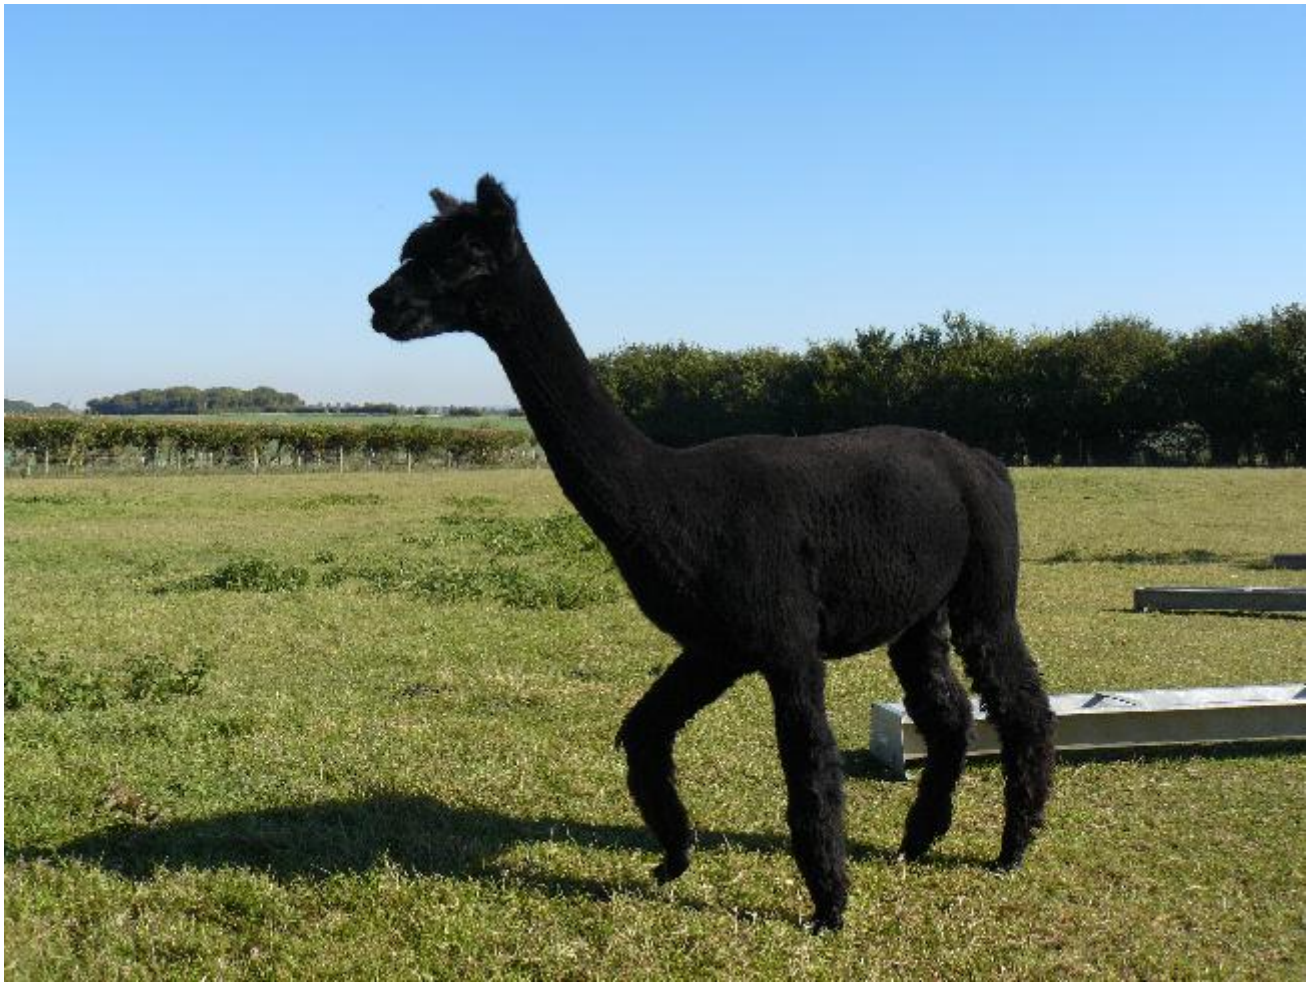

We have carefully selected outside studs to improve our herd, so our herd has the benefit of some of the best genetics. Over the last years we have bought in studs to join our herd, with all of them having champion fathers.

We halter train all our alpacas from 6 months which, not only being enjoyable for us, makes all handling easier, prepares them for showing or for eventual walking ventures with a new owner. Protection from harsh weather, biosecurity and calm, easy alpaca handling was built into the farm design. Manure is removed from paddocks and composted; alpacas

have all vaccinations and frequent observation and condition, mouth and nail checks.
If you are wondering if alpacas are right for you, please feel welcome to visit and we can share with you our over 15 years of experience. We provide free delivery for up to 100 miles. Vet certificates can be provided if required.
