Maple Brook Janna
(Fauve clair (Couleur pure/solide) - Huacaya)

Description:

Collectors Edition is one of the most advanced fleeces on our farm. It is considerably dense, consistent, and has unbelievable brightness. His frame is ideal - nice and square with large bone and a very correct jaw set.

If you are looking to add density to your breeding program - Collector is the guy. He had to be shorn several times a year due to the unbelievable amount of fleece this guy carries.

Breeding to Collector is twofold - Collectors great fleece qualities and correct conformation while adding the Sheer Galaxy bloodline to your program.

Collector's first female - Beautiful Rose Grey - she is carrying his density and gorgeous fleece characteristics. WOW!
