(taken on 10th May 2017 at 1 Year and 10 Months of age)

Fibre Testing Authority: SGS

Description:

Tymarah is another of our unique Snowmass x Ascendant animals ? featuring superior confirmation with a pleasing head shape, good vigour, and of course an elite fleece style. Her Dam stemmed from our T line (which includes Golden Promise), which was combined with the fabulous Snowmass genetics of Invincibly Elite maternal brother of Invincible and sire of Quechua ? the world?s highest priced alpaca.

Her Sire was the 2013 & 2015 BAS National Supreme & Futurity Champion, Bozedown Ascendant, who in turn combines Jolimont Rodrigo II (Arequipa & Cusco Champion) with Bozedown Galaxy (Multiple National & Futurity Champion) genetics. Ascendant recently won the National Progeny class, emphasising the true capabilities of this wonderful animal.

The result of this elite ?gene-stacking means that Tymarah has a great density to her showy merino style fleece with superior fineness and uniformity.

She has been mated and scanned pregnant to Clara?s Gold, who Junior Light class at the Futurity in 2013. His first cria arrived in 2017 and combined stunning fineness and density to their fleece and as can be expected from this line ?

astounding vigour and fitness.

Name of covering male: Melford Green Manitou (White)

Last Mating Date: 25th August 2017

Estimated Date Cria Due (Pregnant Female): 25th July 2018

Number of Crias bred from female: 1
