Description:

Alun is a friendly, beautiful young light fawn intact male. He has a stunning fine dense fleece with great character, brightness and staple length (22.2 μ in 2019 and 22.2 μ in 2020); last fleece yield 3kg! We were very proud when he came first in his class at the Bath and West show in 2019, with his paddock mates- Watership alpacas -coming 2nd and 3rd! His mother, Celestine was a champion in her time and his grandfather is champion Bozedom Comet. Alun is now well grown and we have been able to use him as a stud male.

We have been enjoying life with our alpacas for over 15 years now. From the beginning, we have seen them as part of our farm family and their health and welfare has been our first aim.

We have carefully selected outside studs to improve our herd, so our herd has the benefit of some of the best genetics.

Over the last years we have bought in studs to join our herd, with all of them having champion fathers.

We halter train all our alpacas from 6 months which, not only being enjoyable for us, makes all handling easier, prepares them for showing or for eventual walking ventures with a new owner. Protection from harsh weather, biosecurity and calm, easy alpaca handling was built into the farm design. Manure is removed from paddocks and composted; alpacas have all vaccinations and frequent observation and condition, mouth and nail checks.

If you are wondering if alpacas are right for you, please feel welcome to visit and we can share with you our over 15

years of experience. We provide free delivery for up to 100 miles. Vet certificates can be provided if required.
