(taken on 29th April 2019 at 2 Years and 8 Months of age)

Description:

Calamity Jane is one of the younger females in our herd. She is a very pretty, placid female with a friendly nature. She is happy to stand back and wait her turn and always enjoys a fuss. In 2019 Calamity had her first cria, a very friendly male with lots of confidence.

For her 3rd fleece Calamity Jane's sample results look great. She's has an micron of 24.90 with an impressive SD of 4.90. With the right pairing Calamity is up for producing some really nice progeny. A stud with finer fleece would be a great pairing for Calamity Jane as she has great denisty shown in the great 4.03kgs of fleece we got from her, and with the added bonus of finer fleece should produce something special.

Calamity Jane has been mated to Charnwood Forest Devil's Advocate and their cria is due beginning of May 2021

Devil's Advocate is a very handsome stud with an impressive look about him. His sire is Toft Jaina, who has won many

awards in the show ring. With these amazing genes we really think Devil's Advocate has a lot to offer our herd with his breeding.

Toft Jaina awards:

2008/00 Spring Alpaca Fiesta - H O Eng Best Brown Male C
