(taken on 9th February 2016 at 1 Year and 9 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

A pretty brown Suri with good uniformity of colour, a sound pedigree, bringing together the best qualities of white genetics and the fineness of Alpaca Stud Phoenix as her sire, and a fleece at 24.6 micron proving the value of a good pedigree. It is hard to find such uniformity of colour in a Suri.

She is mated to Wealden Ace Synergy (son of GLR The Synergist). Ace has been placed 1st at 4 shows (including the 2018 and 2019 National) and has won a championship. Enya's Dam is a multi-championship winner, including 4 of the major national shows.

COMPANION FEMALES - we have a small number of females available, suitable as companions to our pregnant females, should you not have the minimum recommended number of alpacas - which is three.

Name of covering male: Wealden Ace Synergy (Medium Fawn)

Last Mating Date: 15th July 2020

Estimated Date Cria Due (Pregnant Female): 15th June 2021
