Ear Tag: WBRBASUK116

Microchip: 982000402743302

Blood Lineage: Australian/Snowmass

Date of Birth: 26th July 2018

Description:

First release 2019 females

Autumn Spirit is a sweet natured, very well bred, young dark brown huacaya female. Her pedigree derives from many renowned and respected names in alpaca breeding such as EP Cambridge Peruvian Caesar (Aust.), EP Cambridge Peruvian Spartacus, Accoyo Killawasi, and Cambridge Discovery.

She has a good depth of coloured breeding in her background, and her sire, WB High Five, is a solid dark brown son of the illustrious ?Snowmass Sizlin Hot?. He has successfully passed on many positive fleece traits to his first daughter from his proven genetic line. His 2nd fleece statistics taken at 1 year and 11 months of age were: MFD: 18.6 microns, S.D. 4.2, Fibres over 30 microns: 1.78.

Her solid brown dam is one of our favourite females, coming herself from a long line of show winning ancestors. Her full sister, daughter of the Supreme Champion ?Valley Alpacas The Diplomat? was awarded two firsts and Champion Brown female when she was shown as a Junior. She bestowed this quality to her own prize-winning offspring and we plan to show Autumn this season, if not snapped up in the interim!

Autumn has very good conformation, and a lovely bright, soft handling, buttery feeling fleece. It is very fine, but also

dense, with a high level of organisation, a very high frequency crimp style, good coverage and colour uniformity. She is growing well, and we anticipate she would be ready to breed towards the end of this year, or at the beginning of the next breeding season.

A lovely young female not to be missed!
