Ear Tag: WBRBASUK114

Microchip: 982000402857932

Blood Lineage: Australian/Snowmass

Date of Birth: 17th July 2018

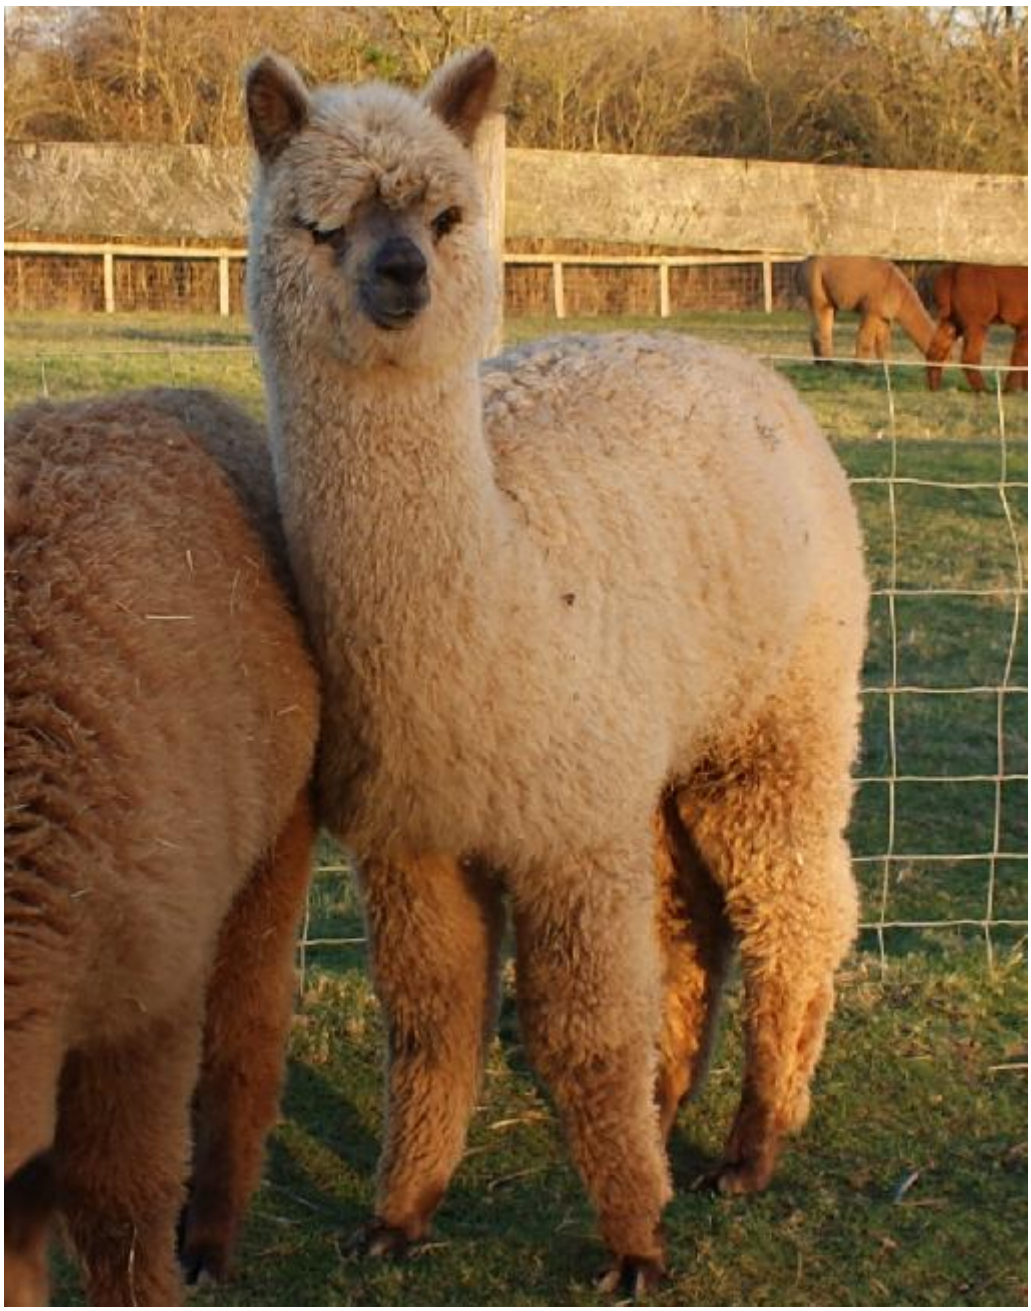

Description:

Willowbrook Esme is a solid dark fawn maiden huacaya female who possesses some very desirable genetics. On her dam?s line is the illustrious macho ?Snowmass Sizlin Hot?. Through the sustained show achievements of his progeny over the past 10 years, and those of his descendents, this exceptional male has proved time and time again why he has remained our number one choice to advance our coloured breeding herd. Further eminent names found on her maternal side include, Canchones Witness of Inca, EP Cambridge Strike Gold, and EP Cambridge Peruvian Spartacus. Additionally, on her sire?s side, her pedigree includes the impressive Supreme Champion ?Valley Alpacas the Diplomat?, the great EP Cambridge Peruvian Caesar, and Jolimont Gianmarco. All of these males are well respected for their genetic strengths and the quality traits that they are known to reliably pass to their progeny.

Esme has a sweet nature, with a pretty head, and solid bone structure. As we would expect from her ancestry, her fleece is incredibly dense, has great structure, coverage and length. It is highly organised with a high frequency crimp style. Esme?s dam is solid black, and her multi show-winning, Champion Grand dam (Willowbrook Midnight) is our best black female, so we would anticipate she would produce high quality coloured offspring when paired with the correct male. Esme has dark points, and once shorn, as the photograph of her fleece depicts, her true dark fawn colour will be revealed!
