(taken on 21st June 2018 at 6 Years and 8 Months of age)

Fibre Testing Authority: SGS

Description:

Hero is a truly stunning macho male who has inherited superb traits in both conformation and fleece from his mutli-award winning parentage, including the infamous Supreme Champion Sire, Cambridge Navigator. Like his Dad, Hero is a well grown alpaca with a large, strong frame and solid bone structure.

Hero's fleece is truly wonderful; it is fine, bright and highly uniform. It has exceptional density and length of staple. Hero's fleece achieved 100% comfort factor and a spinning fineness of just 15.5 micron. He is packing a huge amount of fleece on his frame, his last blanket weighing 4kg.

Hero is a good-natured alpaca and easy to work with. He really is a complete package and he would complement well many females, white or coloured.

Neither Hero, or his fleece, have ever been shown.

A few of Hero's progeny are available to view on farm - he is throwing very bright, fine and densely fleeced progeny. His offspring are solid frame, strong bone structure and excellent conformation.

Hero is solid with a fertility guarantee. You can't go wrong with this male or these genetics! He is priced to sell.
