Description:

Wanda is a lovely, well grown two year old Girl, with a bright, soft, dense fleece. This year's saddle alone weighed over 2 Kg.

She comes from a strong Female line (we still have Granny, who was one of our first ever crias and is now 19 years old!) and is ready to start breeding.

As with all animals we offer, Wanda is halter-trained and well handled.

She has several very attractive friends of her own age (qv), who, together, would make a wonderful starter pack.

Prizes Won:

Owing to other commitments, we have not shown any animals for the past few years.
