

Oriontree's Atomic Kesten (No VAT)

Price: £1,200.00 (SOLD)

Sire: Townend Mungo

Dam: Cambridge Ambience

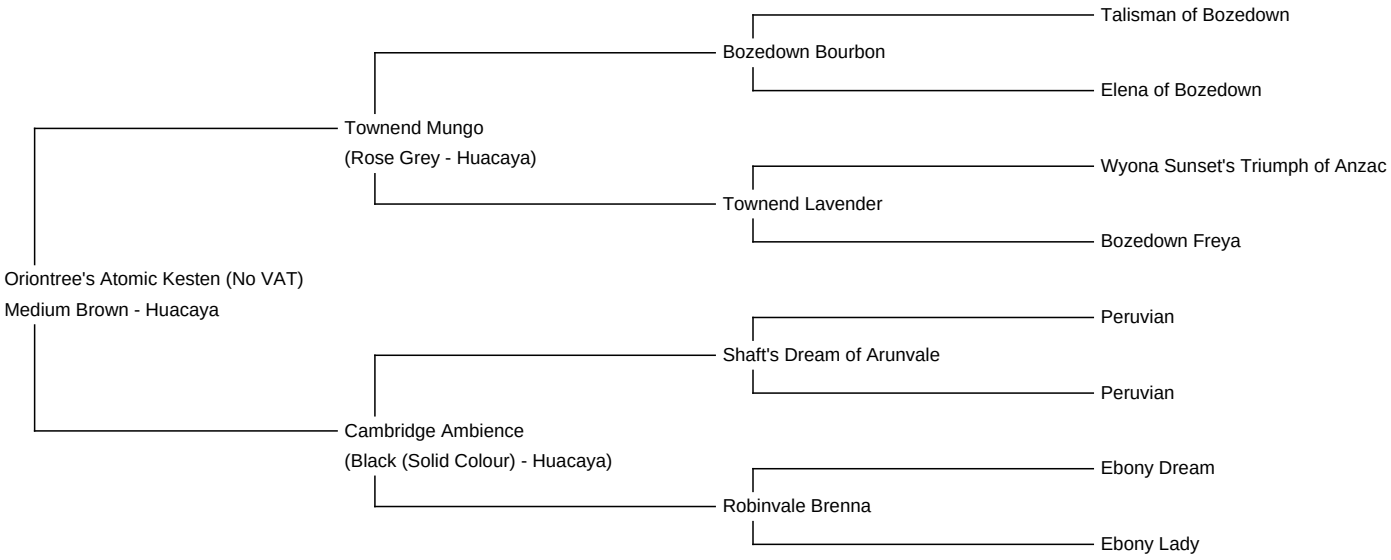

Type: Female

Breed Type: Huacaya

Colour: Medium Brown

Registered With: BAS: UKBAS35606

Date of Birth: 23rd May 2019

Description:

This is one of our females from 2019.
Her fleece is yet untested, but we can already notice the fineness and handle as well as the tightness.
She has excellent conformation. Her white face and white toes give her quite the character.
Her sire (Mungo) has a superb fleece and was last tested last year at 18.8mic and 3.7 SD. We are expecting more cria from him next year, along with others at a nearby farm.

With strong Bozedown genetics on her sires side, coupled with EPC on her dam's side, we feel she will be a colourful addition to anyone's herd.

We have other females available. Please contact us for details.
