(taken on 29th April 2019 at 10 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Alpaca Farm Iregi (Iregi meaning Rebel) is a really lovely boy with terrific potential.

Iregi has an ultra fine fleece with a very low transition line on the blanket and excellent conformation. Iregi's dam forms a key part of our breeding program as she continues to produce mutli award winning alpacas but sadly Iregi will be too related to our herd hence the only reason for putting him up for sale.

Fully halter trained and up to date with all husbandry.

Will only be sold to join an existing herd or to form part of a minimum of three alpacas and will be Enferplex tested before any sale.

Any questions, require more photos please just contact us.

Prizes Won:

So far only shown once with excellent results in a highly competitive class.
