Description:

Bozedown Liquorice is a majestic black female who displays correct conformation. For her 4th fleece her sample results are particularly impressive, she displays a very fine fleece with an AFD of 19.2 and SD of 4.5. She is an extremely well bred female who breeds supreme progeny, one of which being Yana Amore who is also available for sale. Her cria last year was equally as impressive and will be retained, hence a repeat breeding to champion black sire Surtierra Shadow will hopefully repeat the same standard of cria for the buyer.

Please note that we are part of the Surefarm Annual Surveillance Scheme and all breeding stock is sold with a full veterinary examination and certificate and a pre-movement Enferplex test.
