Description:

Inca Massimo is a very well grown male that is reaching maturity early and should be ready to begin working very shortly.

Bred from one of our most trusted and valued families, this male not only looks the part but has the breeding behind him to really improve females and make an impact.

Conformationally Inca Massimo is correct and his fleece displays very good density, uniformity of micron and length to the staple.

Inca Massimo is expected to work this early on this season and he comes with a full veterinary health check and fertility guarantee. He is available for export and can be made ready with three weeks notice.

Inca Bellissimo - Dam of Inca Massimo - Mar 2020
