### Description:

Inca Manhattan is an absolutely stunning looking true black male who is well grown and ready to start working this season.

He has been bred from our champion grey female Inca Grey Dubonnet and Surtierra Shadow.

The fibre coverage and balance this male possesses is exceptional and he has loads of presence.

The fleece this male is growing is long, very bright and soft handling.

With such a proven and highly regarded pedigree and a look that is second to none, Inca Manhattan is an ideal male for those breeders looking to breed in a depth of colour and build in a great look whilst not sacrificing fleece quality.

Inca Manhattan is expected to work early this season and he comes with a full veterinary health check and fertility guarantee. He is available for export and can be made ready with three weeks notice.
