Omschrijving:

🤩 *Fantastic opportunity* 🤩

Looking for a new quality herd sire?

We have decided to release one of our stunning young stud males as we just don't have enough unrelated females for him, (and we own his sire)

He has already proven himself and has his first cria due this summer. This young male is a real standout, not just in his looks and stance but his beautiful advanced fleece style. Very dense, superfine, ultra bright with great character and

alignment from skin to tip. Very uniform in micron with very little stronger primary fibres throughout. He won 2 Reserve colour Championships as an intermediate with some very positive feedback, a real shame we didn't get to show this boy during 2020 as an adult as I believe his 3rd fleece to be his best yet. Although if he's anything like his sire, the longevity of this quality of fleece will last a lifetime so plenty more showing opportunities I'm sure.

This boy is eager to work, and we will be using him more before sold but he does need more girls!

His sire is our legendary multiple supreme champion - Valley Alpacas The General who consistently produces stunning championship winning offspring. His dam is Classical Dido who is one of our best producing females, she has produced several champion offspring and has twice won Dams progeny including the BAS National Show 2018.
