Description:

Beatrix is a playful and inquisitive alpaca with some of the most powerful grey genetics accessible in the UK. Her grandsires are Alpaca Stud Nyetimber and Chief of Boztdown. Beatrix's dam has produced award winning cria, in grey, brown and now black. She has fleece in abundance with outstanding staple length. We have decided to breed her to our recently acquired grey stud, Rosecaddock Greyson, which could produce something special in grey or black.

Name of covering male: Rosecaddock Greyson (Medium Grey)

Last Mating Date: 11th May 2020

Estimated Date Cria Due (Pregnant Female): 11th April 2021
