(taken on 25th May 2020 at 1 Year of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Cold Comfort Nancy is a lovely young weanling female born in 2019. She is solid beige and has a lovely bright fleece with a particularly soft handle. Her sire is our very own champion boy Cold Comfort Mason and her dam is a Bozedown champion. She has Bozedown genetics on both sides. She is a confident female and very calm in her nature, she would make a lovely addition to any herd. As you can see from the pictures she has great confirmation and a strong head shape. She is fully halter trained.

Number of Crias bred from female: 0
