Breed Type: Huacaya

Colour: Fancy

Registered With: Registered British Alpaca Society UKBAS36904

Microchipped and has Ear tag number

Date of Birth: 10th July 2019

Description:

Egburt is a very handsome fancy, he will be 1 year old this coming July. He has not yet been halter trained as we just haven't had time. Egburt has the potential to be a stud in the future especially if you are looking to breed colour or fancy alpacas or he could just be a stunning field ornament. He has good confirmation and a lovely head. Would make an excellent fibre producing boy as he has a super soft large lovely fleece. His blanket is bay/black with no white other than his face and feet. He would make an excellent stud for someone wanting to breed alpacas for Alpaca Walking. Egburt is fully registered so could be used for breeding.

Egburt is looking for a nice new home preferably with 2 of his friends to make a group of 3 alpacas if you have no other alpacas.

He is vaccinated, foot trimmed, up to date with vitamins, worming and due to be sheared end of May.

All our alpacas are used to children (we have 3 of them), chickens and our family dog. They are also used to regular visitors from when we used to run Alpaca Walking.

You can see 100's of photos of our alpacas on our Facebook page under Photo Albums.
