Faser-Untersuchungsorganisation: Australian Alpaca Fibre Testing

Beschreibung:

Bramble is a well grown young female who is sired by Chestnut farm Buckshot, her dam is Chestnut Farm Florence, who is a Lord of Sherwood daughter.

Bramble has got Peruvian Spartacus and Wellground Close Encounter in her ancestry so she is packed with top class genetics.

Bramble is solid white in colour and has a lovely soft handling fleece showing density and lustre.

Bramble will be sold with a mating to our light brown stud male Inca Nobleman.

Inca Nobleman is having a positive impact on our herd, his very first offspring is our prize winning young male Chestnut Farm Alchemist.

He is passing on his positive attributes and his offspring are inheriting his calm temperament.

Bramble had her first cria in 2022 and proved to be a fantastic mother.
Bramble produced a lovely fawn male in 2023.

Anzahl geborener Crias dieser Stute: 2
