(taken on 25th May 2020 at 10 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Cold Comfort Bert offers access to a unique generic package. His dam is from Alpaca Evolution heritage and his sire - Fowberry Nobility - was unbeaten in the show ring as a fawn multi-champion. Bert is impressive in size for his age and his bright, white fleece is both fine and very uniform (SD 3.4). He is halter trained and part of the Cold Comfort 2020 show team. Based on an early assessment of his fleece characteristic, conformation and temperament Bert is offered for sale as young intact male with stud potential.
