**Colour:** White (Solid Colour)

**Registered With:** UKBAS25858

**Date of Birth:** 25th April 2014

### Description:

\*Norfolk based but can deliver\* 1200 ono.

Outlaw is a proven white stud male who is a joy to own but we have run out of females for him to cover and so he would greatly benefit from relocating. He is conformationally spot on, his fleece is beautiful and he is easy to work with.

On occasion where we have needed to, he has been used on our trekking team as well so is used to walking on the halter with no fuss. He comes from very good genetics and his parents lines speak for themselves. Can be viewed on the farm, and we currently have one of his cria on site plus another due in 2021. We are in Norfolk but can deliver him across country. Must only go to a home where he would have companionship with other alpacas.
