### Description:

'Navajo' is a striking appaloosa male with abundant markings of dark brown and black spots on a super bright white background. His Sire is our stay fine Appaloosa male 'Heartbreaker' and his Dam is a solid black female who also holds her micron very well, and she herself is sired by a well known appaloosa male. Hence, appaloosa genetics on both sides of his bloodline. He is exhibiting a well nourished fleece with excellent coverage and developing style on a very correct, well-grown frame. He is halter trained and ready for his new home.

Navajo would be a great acquisition for those interested in breeding appaloosa or colour.
