20.10µ SD 4.40µ CV 21.60% Staple Length 130 mm

(taken on 6th June 2018 at 11 Months of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Diva is a well grown light fawn female with champion brown and champion fawn genetics on both sides of her pedigree, therefore Diva has strong potential to produce colour in the future. Diva has been confirmed pregnant to Old Felton Diplomat (Fowberry Nobility son). Diplomat has won championships in both halter and fleece (reserve fawn fleece at Champion of Champions Nationals 2020 fleece show)

Diva's cria at foot is the first one to be released out of New Zealand multi champion Gilt Edge Kudos of Beck Brow (Imp).

Kudos has great density and has passed this on to this well proportioned white female - the density of her fleece was apparent prior to cria shearing.

A great opportunity to anyone wanting to introduce new genetics into their herd.

Prizes Won:

04/2018 N W A G Alpaca Championship - Huacaya

Junior Female Light 4th

04/2018 Scottish Alpaca Championship - Huacaya
