Registered With: British Alpaca Society - UKBAS26094

Date of Birth: 10th August 2014

Description:

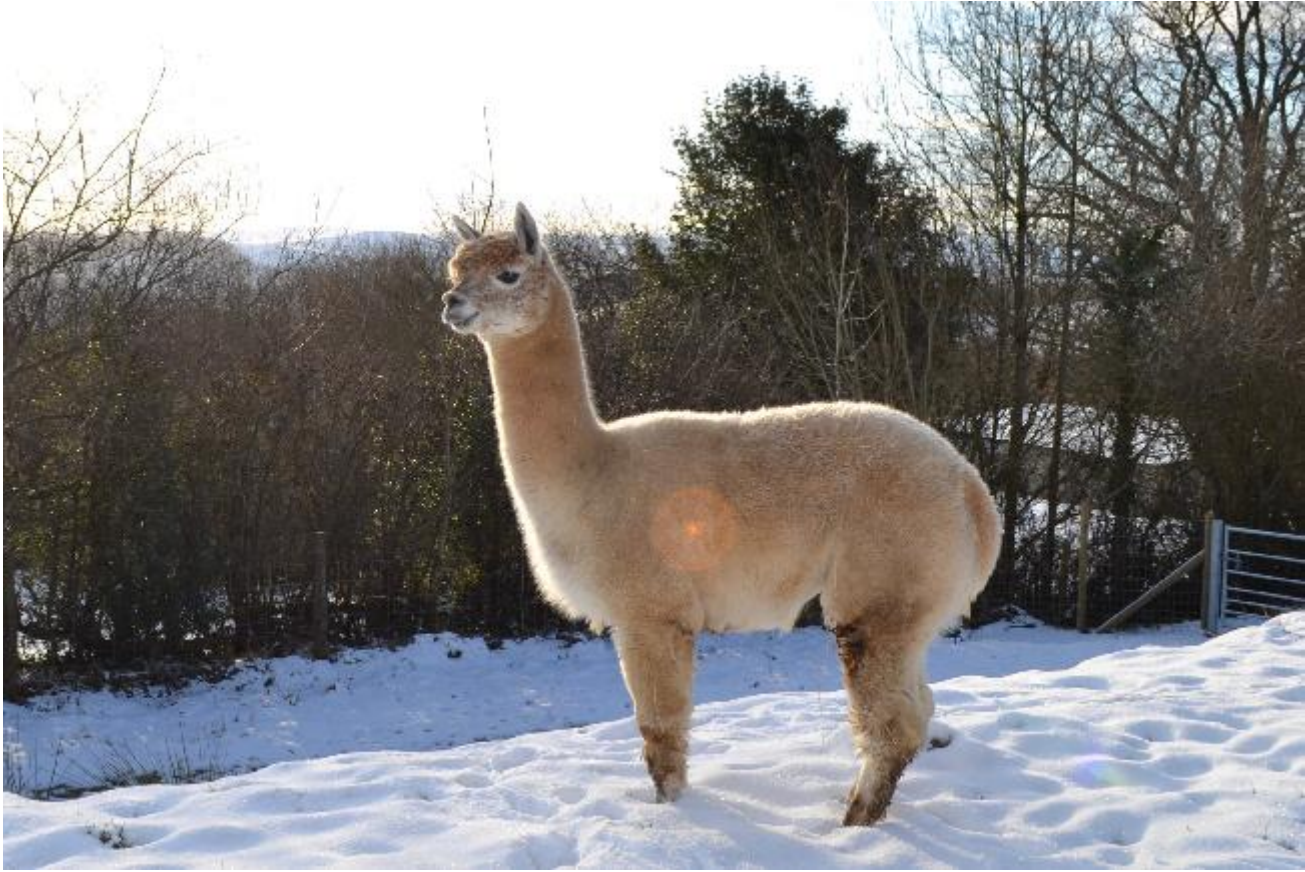

Perry's sire is Alpaca Stud Monopole (son of Dovecote Jaquinto) who produces stunning cria. and on the other side his grandfather is Alpaca Stud Nyetimber, who is without question the most outstanding grey alpaca to be found anywhere in Europe. Perry is a lovely boy, great fleece and conformation and very nice natured. He is very keen with the females, but not overly pushy.

Perry has definitely improved the quality of our herd with his progeny and has given us some really gorgeous cria with lovely fleeces, sweet natures and a great mix of colours, blacks/Caramel/Red brown/White, shown in the images to the right after his photos. We are only reluctantly selling now as he is related to so many of the herd.
