Type: Female

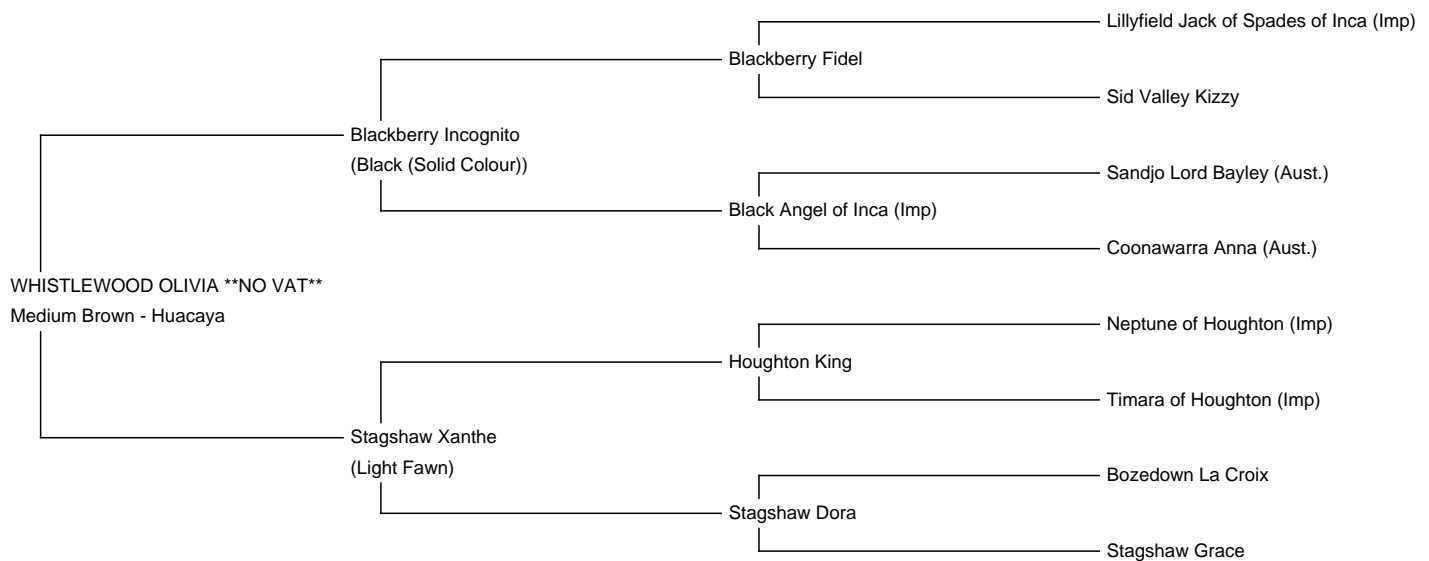

Breed Type: Huacaya

Colour: Medium Brown

Registered With: BAS UKBAS39180

Blood Lineage: Inca/Houghton

Date of Birth: 25th May 2020

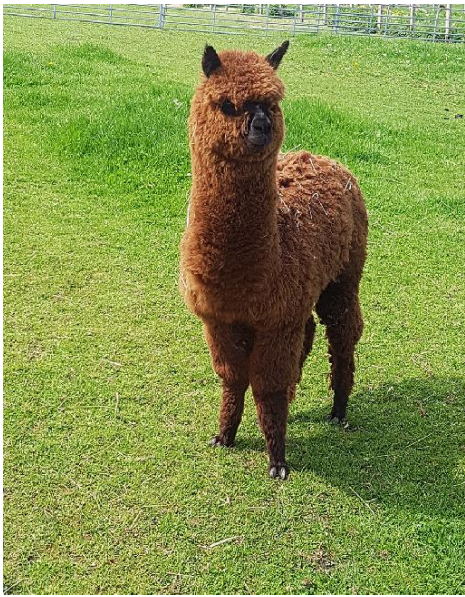

Description:

Olivia is a lovely natured, friendly, young brown/black faced female with impressive genetics, her sire being Blackberry Incognito, an outstanding true black stud from Inca lines, featuring the prolific top black stud, Lillyfield Jack of Spades of Inca. His dam is the import Black Angel of Inca. Olivia's very pretty light fawn dam, Stagshaw Xanthe, who has now retired from the show circuit, was sired by Houghton King, the Supreme multi Champion. Olivia has a lovely soft fleece. This is a very reluctant sale but we must move on some of our lovely alpacas to make room for this year's cria and we are offering this young alpaca at a very reasonable price. We are also offering a half price future stud service by any one of our stunning stud boys including one of our grey Champions, Bozedown Comanche, Futurity Champion, and grey Champion Rivenherd Amos or our black Multi-Champion, Stagshaw Samson or any of our lovely fawn, brown or patterned males. That is of course, once Olivia is mature enough and is an acceptable size to be mated in the future. Olivia is up to date with vaccinations and all husbandry tasks. With a herd of over 80 alpacas to choose from Olivia can be sold as part of a package to suit your requirements and budget. We can deliver throughout much of the UK.
