Blood Lineage: Houghton/Chilean/USA

Date of Birth: 26th July 2015

Description:

Tarka, as we call her, is a lovely, placid, black faced brown female who is an exceptionally good mother. She births very easily and had her cria 30 Jun 2021. From the cria first appearing, he was on the floor within 15 minutes, standing quickly and feeding easily. She has plenty of milk and is very protective of her cria who, incidentally, is the first cria from our black multi Champion Stagshaw Samson. This latest lovely strong male cria will be named Whistlewood Santiago. Tarka has a lovely nature and is easy to handle. In the past, she has given us both black and brown cria. She has good conformation and a lovely dense fleece. She is offered for sale as a pregnant female with her lovely cria, Santiago, at foot. On 15 July 2021 she was covered by our lovely Futurity Champion, Bozdown Comanche so will be spat off and scanned for pregnancy. We offer a live 48 hr live cria guarantee or a repeat mating to one of our quality studs, including our 3 Champions.

Tarka would be especially suited to those new to alpacas, having a fantastic record of easy birthing and being such a wonderful mother.

The only reason we are selling this lovely alpaca is because we are trying to keep a balance of colours and so are listing mostly browns to even out the ratio of colours. We do, however have a good range of other colours available for sale.

Packages are available to suit your requirements and budget. We have also listed Tarka's very pretty female cria from last year, Whistlewood Mysique, who is now a year old.

We offer free local delivery up to 100 miles from our farm with further distances for the extra cost of fuel.

Name of covering male: Bozedown Comanche- NO VAT (Medium Grey)
