Description:

Petunia is a lovely appaloosa female sired by our appaloosa male 'Heartbreaker.' She has a very correct frame and good substance of bone. Petunia's fleece is developing nicely with good density and an even crimp style. Her Dam 'Otway Orchard Protea' has been shown successfully with a Reserve Champion ribbon to her name. She has the classic appaloosa markings under her chin and on her feet with a fine sprinkling of spots throughout her fleece. Petunia has appaloosa genetics on both sides of her bloodline so has the potential to throw both appaloosa and colour. Halter trained and ready for her new home.

Package price can be discussed.
