Description:

Whistlewood Wolfwhistle is a stunning young entire black alpaca from grey lines who has a wealth of great genetics behind him. His dam is a lovely dark silver grey, his sire being Blackberry Incognito an upstanding black male, the blackest of blacks. Taking in his sires footsteps, Wolfwhistle has great conformation and a lovely dense fleece. Incognito's sire is Blackberry Fidel, an impressive solid black male by the renowned multi Champion Lillyfield Jack of Spades of Inca (Imp), one of the most prolific black Studs of his generation. Incognito's dam is Black Angel of Inca.

Wolfwhistle's dam, Winwick Cabaret, is a DARK SILVER GREY with strong Houghton lines All in all, a truly impressive pedigree. Once he matures Wolfwhistle has the potential to become a breeding male in the future which should be next year. Either that or an impressive looking trekking boy. Wolfwhistle could be sold with another one, two or three of his black and brown herd mates. WE OFFER GREAT DISCOUNTS FOR PACKAGES.

He has been handled since birth on our farm, is up to date with vaccinations, vitamins and husbandry tasks, BAS registered, ear tagged, and microchipped.

If required for those new to alpacas, a 'hands on' alpaca husbandry course is included with every alpaca sold and continued support will be given. We are at the end of the phone and only too happy to give help and advice whenever needed.

PRICE IS ALL IN WITH NO VAT AND INCLUDES TRANSFER FEE AND FREE DELIVERY UP TO 50 MILES with greater distances for extra cost of fuel.
