Yield 1400.00 Kg/Year

(taken on 4th June 2020 at 5 Years and 1 Month of age)

Fibre Testing Authority: Australian Alpaca Fibre Testing

Description:

Fortuna is a pretty golden fawn female, her big eyes and long eyelashes make her look very sophisticated. But she has a greedy and moody personality but her mothering instinct and love to her cria makes her all worth it. Her dam Carlshead Carminia, a white female, was awarded 3rd in the Yorkshire Alpaca Group show. Her sire, EP Cambridge Fortitude, a white male, imported from Australia holds amazing fleece qualities. Both dam and sire being white makes Fortuna a beautiful fawn surprise. Fortuna will be sold cria at foot (we have named cria Murphy, sire Leven Valley Inca Illusion. His dam Carlshead Florence, a Fowberry Nobility daughter, awarded Champion, Reserved Champion and 1st's in numorous shows. Inca's sire, Eringa Park Golden Age of EPC, a fawn male, who has got fabulous genetics, being an import from New Zealand, also awarded 3rd at fleece shows. Fortuna unfortunately is not halter trained as she does not

like it and stresses with one on. She has also produced multiple spotty cria, so an appaloosa home may be better suited. She has recently given birth to her little boy and has been remated to our stud male Kenny

Number of Crias bred from female: 4

Sire of Cria at Foot: Leven Valley Inca Illusion (Black)
Cria at Foot: Murphy id a light fawn male and by the looks of it is spotty or patchy in colour. His fleece looks super curly though
Date of Birth of Cria at Foot: 23rd June 2022
Current Age of Cria at Foot: 92 Weeks and 1 Day
