NO VAT ADDED TO PRICES

We have an excellent range of top quality cria born 2021, the vast majority being from our 3 Champion herd sires- TWO GREYS AND ONE BLACK that doesn't mean we charge the earth for them! They will be BAS registered before leaving our farm and available from appx 6 months of age when they are up to size and weight

Our male weanlings vary from £950 depending on colour, pattern, conformation, fleece quality and genetics. WE HAVE AVAILABLE males and females, future breeding stock, pets trekkers with discounts for packages. We have a fantastic range of colours and breed mainly for colour- blacks, browns, fawns, beige and greys, also alpacas with "different markings" which are always very popular. Our bloodlines need no introduction and are primarily Bozedown, Inca, Houghton, Nero and Blackberry- the very best genetics along with a very wide gene pool!

Our alpacas are BAS registered, microchipped, ear tagged, fully vaccinated and up to date with vitamins and other husbandry tasks.

The cria will leave with health records and, FOR THOSE NEW TO ALPACAS, a comprehensive guide to alpaca care. Every purchaser is offered a free 'hands on' husbandry course at our farm which includes, body condition scoring, famacha scoring, toenail clipping, administering drenches, vaccinations etc. We also give advice on diet, paddock management and worming/ faecal testing. We are at the end of the phone and offer our total support. Alpacas are relatively easy to look after but they do need to be cared for and monitored. We can give advice on starter herds and invite purchasers to visit our farm to see what we have to offer.

We are taking bookings and reserving cria for future owners. Several of the cria in the photo's have been recently reserved since we have been taking deposits. A few are available as cria at foot. A new price list of cria (that will be on offer from November 2021 through to March 2022) will soon be available in pdf format. Please feel free to request a copy. We can also send photo’s, prices and details of individual cria that are of particular interest.
We also have available yearlings, breeding females, herd sires and companion alpacas. Delivery is available.

Cria release most with grey genetics

Cria playing earlier in the year

Several rich brown cria available
