Description:

Manor Frank Farm is one of our four, extremely good-natured, castrated male alpacas. The entire herd is not only halter trained but also comes to call, making it very easy to interact with each individual animal. All four are in perfect condition and health, get along really well, and individually and as a herd make wonderful pet alpacas. This is a very reluctant sale due to a change in personal circumstances - for this reason and the fact that all four animals have a close bond, sensible offers for a group deal are not only considered but actually preferred. My alpacas are most certainly worth having a closer look at if you consider purchasing alpacas. Please feel free to contact me with any questions you might have, and I am more than happy to answer those to the best of my knowledge. Many thanks, Fiona
