### Description:

We are releasing Leonardo (Leo) for sale as a herd sire after much deliberation because we already have his genetics in our herd. Leo's half brother, also sired by Houghton Bellino, is our Championship winning stud male, Houghton Kendrick. Leo has a fabulous pedigree that we believe will contribute significantly to an astute purchaser's breeding programme. His dam EP Cambridge Lillandra, sired by the renowned Accoyo Remarque, is one of our top breeding females with a record of producing championship winning progeny whose offspring are now themselves gaining renown.

Leo is a true to type, well conformed male, with good substance of bone and excellent stature who is a stand out in the paddock. He has great fleece coverage displaying a good uniformity of micron, a lovely soft handle and density. Leo is halter trained and very easy to handle. We firmly believe that he will make an excellent herd sire and have used him ourselves this year over one of our females who has scanned pregnant.

We are happy to offer free delivery within a 100mile radius.
