Description:

Hazel is a proven stud female producing three wonderful cria to date both of whom have an ultra fine fleece .

Hazel has multi coloureds genetics with her Dam being mid brown but with both grey and multi coloureds genetics and her Sire Ambersun Camouflage of Popham whom is appaloosa.

She has a good solid structure with a true to type head style.

This year she has been bred back to our stud male Bride Valley Machiato who has outstanding genetics himself with his Sire being Popham Commander .

Mo won a well earned 3rd place at Devon County Show in 2019 as a yearling and was entered to show at the Nationals in 2020 but the show was unfortunately cancelled due to covid.

In the second pictured hazel can be seen with her dam to the left and her first cria wispa to her right
